

2010 CRC Mobile Source Air Toxics Workshop

November 30 - December 2, 2010
CARB Headquarters and the Citizen Hotel
Sacramento, CA

The Coordinating Research Council is pleased to announce the 2010 CRC Mobile Source Air Toxics (MSAT) Workshop in cooperation with EPA, CARB, NREL, FHWA, SCAQMD, NESCAUM, API, and DRI. The objectives of the workshop are to share information on mobile source air toxics (excluding health effects), to report on significant work underway, and to identify future needs.

Preliminary sessions include:

- Plenary Session
- Needs of Regulators
- Air Quality and Exposure Measurements
- Air Quality and Exposure Modeling
- Vehicle Emissions and Modeling
- Life Cycle Analyses for Alternative Fuels/Technologies
- Source Apportionment and Atmospheric Transformations
- Uncertainties/Accountability
- Summary

The workshop begins with a welcome reception at the Citizen Hotel in Sacramento on Tuesday, November 30 at 6:30 PM. The technical sessions will be held at CARB I-Street headquarters near the Citizen Hotel starting at 8:00 am on Wednesday, December 1, and ending at approximately 5:00 p.m. on Thursday, December 2. The early bird registration fee is \$350, if paid before November 1, 2010 and \$400 after November 2, 2010. The student rate is \$99 for currently enrolled students. The registration fee includes the welcome reception, breakfast, breaks, and lunch each day, and dinner on Wednesday evening, along with on-site workshop materials and a CD of the Proceedings.

Rooms have been reserved at The Citizen at a rate of \$84/per night (single or double). Please call 916-492-4460 and mention "Coordinating Research Council" to receive the group rate or [follow this link](#). Please support the host hotel !!!
